

(or a consortium of Indian tribes), tribal organizations, or urban Indian organizations interested in developing, implementing, sustaining, or expanding an evidence-based home visiting program serving expectant families and families with young children aged birth to kindergarten. Awards will support implementation of high-quality, culturally grounded, evidence-based home visiting services to American Indian and Alaska Native (AIAN) families and children; implementation of performance measurement and continuous quality improvement systems; development of early childhood systems; and participation in research and evaluation activities to build evidence around home visiting, particularly in tribal communities. Home visiting programs are intended to promote outcomes such as improved maternal and prenatal health, infant health, and child health and development; reduced child maltreatment; improved parenting practices related to child development outcomes; improved school readiness; improved family socio-economic status; improved coordination of referrals to community resources and supports; and reduced incidence of injuries, crime, and domestic violence.

### **AmeriCorps State and National Native Nation Planning Grants**

#### **AmeriCorps**

**Deadline: April 6, 2024**

Award: Up to \$240,000; match is required but there are waivers available in some cases

Eligible: Native American tribal governments (Federally recognized and other than federally recognized tribal governments); others

AmeriCorps planning grants provide support to a grant recipient to develop an AmeriCorps program that will engage AmeriCorps members in implementing evidence-based interventions to solve community problems. Grant recipients are awarded up to \$240,000 for a 12-month planning period and are encouraged to compete for an AmeriCorps program grant in the following grant cycle if they deem the fit with AmeriCorps to be of use to their community. A planning grant may not be used to support AmeriCorps members. Applicants will apply for a Cost Reimbursement grant. The project period is no more than a year, with a start date proposed by the applicant. The project start date may not occur prior to the date AmeriCorps awards the grant.

**Grant forecast: Tribal Self-Governance Planning Cooperative Agreement Program**

**Department of Health and Human Services, Indian Health Service**

**Deadline: May 1, 2024 (estimated)**

Award: \$180,000

Eligible: Native American tribal organizations (Federally recognized and other than federally)

The purpose of this Planning Cooperative Agreement is to provide resources to Tribes interested in entering the TSGP and to existing Self-Governance Tribes interested in assuming new or expanded PSFAs. Title V of the ISDEAA requires a Tribe or Tribal organization (T/TO) to complete a planning phase to the satisfaction of the Tribe. The planning phase must include legal and budgetary research and internal Tribal government planning and organizational preparation relating to the administration of health care programs. See 25 U.S.C. 5383(d).

The planning phase is critical to negotiations and helps Tribes make informed decisions about which PSFAs to assume and what organizational changes or modifications are necessary to successfully support those PSFAs. A thorough planning phase improves timeliness and efficient negotiations and ensures that the Tribe is fully prepared to assume the transfer of IHS PSFAs to the Tribal health program.
