FUNDING OPPORTUNITIES

HEALTH

Forecast: Tribal Maternal, Infant, and Early Childhood Home Visiting Program

DHHS: Administration for Children and Families

Deadline: April 8, 2024 (estimated)

Eligible: Native American tribal organizations (federally recognized and other than federally recognized); non-profits and others

Funds will support 5-year cooperative agreements between ACF and federally recognized Indian tribes (or a consortium of Indian tribes), tribal organizations, or urban Indian organizations interested in developing, implementing, sustaining, or expanding an evidence-based home visiting program serving expectant families and families with young children aged birth to kindergarten. Awards will support implementation of high-quality, culturally grounded, evidence-based home visiting services to American Indian and Alaska Native (AIAN) families and children; implementation of performance measurement and continuous quality improvement systems; development of early childhood systems; and participation in research and evaluation activities to build evidence around home visiting, particularly in tribal communities. Home visiting programs are intended to promote outcomes such as improved maternal and prenatal health, infant health, and child health and development; reduced child maltreatment; improved parenting practices related to child development outcomes; improved school readiness; improved family socio-economic status; improved coordination of referrals to community resources and supports; and reduced incidence of injuries, crime, and domestic violence. (Note: this is a forecast. The estimated post date is February 8, 2024)

The TBCP provides new federal funding for grants to eligible entities to expand access to and adoption of: (i) broadband service on Tribal Land; or (ii) programs that promote the use of broadband to access remote learning, telework, or telehealth resources.

Environmental and Climate Justice Community Change Grants Program

Environmental Protection Agency

Deadline: Nov. 21, 2024

Award: Track I grants are expected to be \$10-\$20 million; Track II grants are expected to be \$1-\$3 million each. No match.

Eligibility: To be eligible, applicants must be a partnership between two community-based nonprofit organizations or a partnership between a CBO and one of the following: a federally recognized Tribe, a local government, or an institution of higher education.

The Environmental and Climate Justice Community Change Grant program (Community Change Grants) will fund community-driven projects that address climate challenges and reduce pollution while strengthening communities through thoughtful implementation. The EPA will consider applications under two separate tracks:

- Track I applications – Community-Driven Investments for Change will focus on multi-faceted applications with Climate Action and Pollution Reduction Strategies to meaningfully improve the

environmental, climate, and resilience conditions affecting disadvantaged communities. Awards under Track I are expected to be \$10-20 million each and cannot exceed \$20 million. Examples of projects include Green infrastructure development, Energy efficient housing, Microgrid installation, disaster preparedness “community resilience hubs,” landfill work, workforce development, and more.

- Track II applications – Meaningful Engagement for Equitable Governance will facilitate the engagement of disadvantaged communities in governmental processes to advance environmental and climate justice. Awards under Track II are expected to be \$1-3 million each. Track II applications should focus on breaking down systemic barriers to community participation in government processes impacting environmental and climate justice. This can be done by creating engagement and feedback mechanisms with two-way communications between community members and government decision-makers. Applications should focus on ways to provide disadvantaged communities with information about issues that directly impact them, while simultaneously creating mechanisms for the government to gather input to ensure community needs inform decision-making and are integrated into government processes and policies.
